

WELLNESS COLD & FLU™

Homeopathic Formula

When dealing with winter colds and flu, there is a quick, safe, natural alternative to the conventional medical approach. WELLNESS COLD & FLU uses specific homeopathic remedies to address multiple body systems related to colds and flu: the sinuses, throat, upper respiratory tract and lungs, and the musculoskeletal and immune systems.

	Sinuses	Throat	Upper Respiratory Tract & Lungs	Musculoskeletal System	Immune System
ACTION	Over 100 viruses have been identified that cause the common cold. This ailment, although far from life threatening, can be one of the world's most uncomfortable experiences, with symptoms lasting from 4-10 days. The indicated remedies can relieve sinus congestion and headache, runny nose, sneezing, loss of smell and taste, and other manifestations of upper respiratory distress.	The throat is one of the primary areas where cold and flu viruses replicate. Wellness Cold & Flu contains homeopathic medicines that alleviate redness, inflammation, soreness, dryness, burning, tickling, hoarseness and swollen glands.	Wellness Cold & Flu helps the immune system respond to upper respiratory symptoms, including dry cough, bronchial cough, respiratory congestion, irritation of the lungs and difficult respiration.	When aching in the muscles and bones is part of the flu picture, these remedies will assist in restoring homeostasis.	Systemic manifestations of colds and flu include symptoms of immune response, such as fever, chills, and exhaustion. These remedies support a balanced immune response that will speed recovery and minimize discomfort. The remedy <i>Influenzinum</i> , prepared from flu vaccine, stimulates the body's natural defense mechanisms prior to, or in the early stages of exposure to the flu.
CONTENT	Bryonia 4x, Gelsemium 4x, Kali bichromicum 6x, Phosphorus 6x, Sanguinaria 4x	Aconite 12x, Bryonia 4x, Echinacea 3x, Gelsemium 4x, Influenzinum 12x, Kali bichromicum 6x, Phosphorus 6x, Sanguinaria 4x	Allium cepa (red onion) 4x, Aconite 12x, Bryonia 4x, Eupatorium perfoliatum (boneset) 4x, Gelsemium 4x, Influenzinum 12x, Phosphorus 6x, Sanguinaria 4x	Eupatorium perfoliatum (boneset) 4x, Gelsemium 4x, Influenzinum 12x	Aconite 12x, Eupatorium perfoliatum (boneset) 4x, Gelsemium 4x, Influenzinum 12x, Phosphorus 6x
